Interview Summary

Applicant's representative, David Fogg (Registration Number 35138) thanks Examiner Corrielus for the opportunity to discuss aspects of the subject application in telephone interviews on November 24, 25, and 26, 2008.

The Examiner initiated an interview with the Applicant's representative on November 24, 2008. The Examiner indicated that claim 52 depends from a canceled claim. Further, the Examiner indicated that an amendment to claim 26 made in the last response was actually made previously in a certificate of correction (COC) in the original patent. On November 25, 2008, the Applicant's representative proposed to correct these errors through an Examiners amendment. The Examiner agreed to the Examiner's amendment. On November 26, 2008, the Examiner initiated another call to request authorization to make further amendments to effectuate details from the COC and to add a first sentence indicating this is a reissue patent. Applicant concurred in this action.

Applicant requests notification if the Examiner disagrees with the accuracy or completeness of the Summary.

Respectfully submitted,

Date: November 26, 2008
